

Health and Safety Policies

Brit Guard Group

102 Green Lane
Morden, England,
SM4 6SS.

At Brit Guard Group, your safety is our top priority. We are committed to ensuring a healthy and secure environment for all our clients and employees. We have established the following health and safety policies:

1. Security Service Safety Policy:

We prioritize the safety of our clients' properties.

Our security staff are thoroughly trained in emergency response procedures to handle any situation with care and efficiency.

We regularly assess and update our security protocols to adapt to changing threats and ensure maximum protection.

2. Technological Services Safety Policy

When providing technological services such as CCTV installation, fire alarm installations/testing, and intruder alarm installation, we adhere to strict safety standards.

Our technicians undergo extensive training to handle equipment safely and effectively.

We conduct thorough risk assessments before each installation to minimize potential hazards and ensure a safe working environment.

3. Cleaning Services Safety Policy

In our cleaning services, we prioritize both cleanliness and safety.

Our cleaning staff is equipped with appropriate personal protective equipment (PPE) and trained in safe cleaning practices.

We use environmentally friendly cleaning products to minimize health risks and protect the well-being of our clients and employees.

all our clients' security, technological, and cleaning needs.
